## ACCELA PLATFORM

### VIP

As a Business Plus Accela implementation partner, VIP offers an Agile Scrum Accela Implementation Methodology as an alternative to the traditional waterfall approach. VIP's approach allows for increased flexibility and faster results. By delivering public sector specialization, a dedicated team of Accela Certified Professionals, and proven methods, VIP provides an effective path to achieving targeted outcomes. VIP is an industry-leading professional services company that provides a broad range of management consulting, system integration, and technology deployment solutions. VIP brings expertise in how to deploy mission-critical Accela software solutions that align people, processes, and technology to accelerate strategic change and to deliver business results in partnership with its clients.

### CANNABIS LICENSING

VIP is a leading expert in the cannabis licensing space having implemented for both California Department of Food and Agriculture (Cultivation, Nurseries, Processing licenses and more) and the Bureau of Cannabis Control (Retail, Manufacturing, Transportation, Special Event Licensing and more). VIP's Implementation Team of Accela Bronze Certified professionals holds an average of 8 years Accela Implementation experience and 19 years of Government regulatory experience. VIP brings Accela to market quickly and efficiently, assisting our clients with new markets, regulations and processes along the way.

"The entire team from VIP successfully met the challenge of implementing the Bureau's licensing system," said **Bureau Chief Lori Ajax**. "This was a tremendous effort and we are very excited to launch our on-line licensing system for commercial cannabis activity in California." The project went live ahead of the CA legislative deadline of January 1, 2018.

-  **Expand Investment on Platform** - Accela customers can rapidly expand the platform to support cannabis licensing while leveraging existing configuration and data such as workflows, integrations, contacts, addresses and more.
-  **Accelerate Return on Investment** - VIP's Agile implementation process allows finished configurations to be deployed to production at the end of each Sprint cycle (2-4 weeks) instead of at the project's end.
-  **Commercial Off the Shelf** - VIP helps State and local government customers leverage Accela's highly configurable COTs product, Enterprise Platform for Government, to achieve goals, increase productivity and drive customer engagement.
-  **Mobile and Web** - Extend your solution to field inspectors, enforcement officers and workers via Accela Mobile Apps for iOS and Android. Empower your customers with the convenience of online self-service through Accela Citizen Access.
-  **Experienced Implementation Team** - VIP's team has the experience to understand your regulations and requirements and quickly configure simple to complex solutions to meet your needs.
