

TeamVIP Accela Implementation Methodology

TeamVIP combines industry expertise, specialized experience, and a methodology tailored to implementation of COTS products for State and Local Government. Our systematic approach to providing implementation services consistently aligns with the best practices of Agile-based Implementation Methodology.

VIPDeliver is a proven, robust and flexible methodology tailored for government projects, to help maximize project success and deliver measurable results.

“The entire team from VIP successfully met the challenge of implementing the Bureau’s licensing system. This was a tremendous effort and we are very excited to launch our on-line licensing system for commercial cannabis activity in California.”

- Lori Ajax is with Bureau of Cannabis Control for the State of California

VIPDeliver

VIPPlan

Prepare for project including charter/ project plan, kickoff meeting, status meetings, and backlog elaboration.

VIPSprint

Leverage Agile Scrum methodology to conduct JAD sessions, producing configuration and product increments during each iteration.

VIPBuild

Develop custom components of the solution, including data conversion and custom interfaces for the system.

End to end acceptance testing and validation of solution prior to go-live, including end user training and knowledge transfer.

VIPDeploy

Planning and execution of go-live activities including final cutover conversion run, production setup, and post go-live support.

VIPManage

Management of Projects within Budget, to Scope and on Schedule

About VIP

At VIP, we take pride in assembling teams comprised of the best Accela certified professionals and our track record of success speaks for itself. We believe that the people working on a project are the most important component for success and delivering a comprehensive, tailored solution. Our team members have worked for 100's of Accela's customers and have a total of 70 years' experience with the Civic Platform. Additionally, we have several strategic partnerships with other certified Accela partners allowing us to scale as needed.

VIP has more than 22 years' of experience and expertise implementing end-to-end enterprise software systems as well as supporting business analysts, business process reengineering (BPR), and organizational change management (OCM) services tailored to licensing platform modernizations. Additionally, VIP is an Accela Certified Business Plus Partner with extensive experience implementing COTS products in the government sector, including the Accela Civic Platform.
